Kefalonia

Enjoy a weekend full of adventures and outdoor activities

September

Discover Greece invites you on a weekend trip of outdoor activities, to explore Kefalonia, the Ionian's largest and most diverse island

Nature lover's paradise

Exploring the unique nature of the island

Boasting a breathtaking natural landscape with exotic beaches, picturesque fishing villages and magical underground caves, it is one of the best destinations in Greece for nature lovers!

If you are a lover of action and activities, Kefalonia offers all sorts of **water sports** at the large organised beaches, as well as sea kayaking, cycling, climbing in impressive locations full of surprises, such as little caves teeming with underwater life.

An unforgettable experience is the captivating Melissani cave. The 50 shades of turquoise in underground Lake Melissani are mesmerising. As you **explore it by boat**, you'll think you're floating in space. With sunlight filtering in from above, the cavern reminds you of a cathedral.

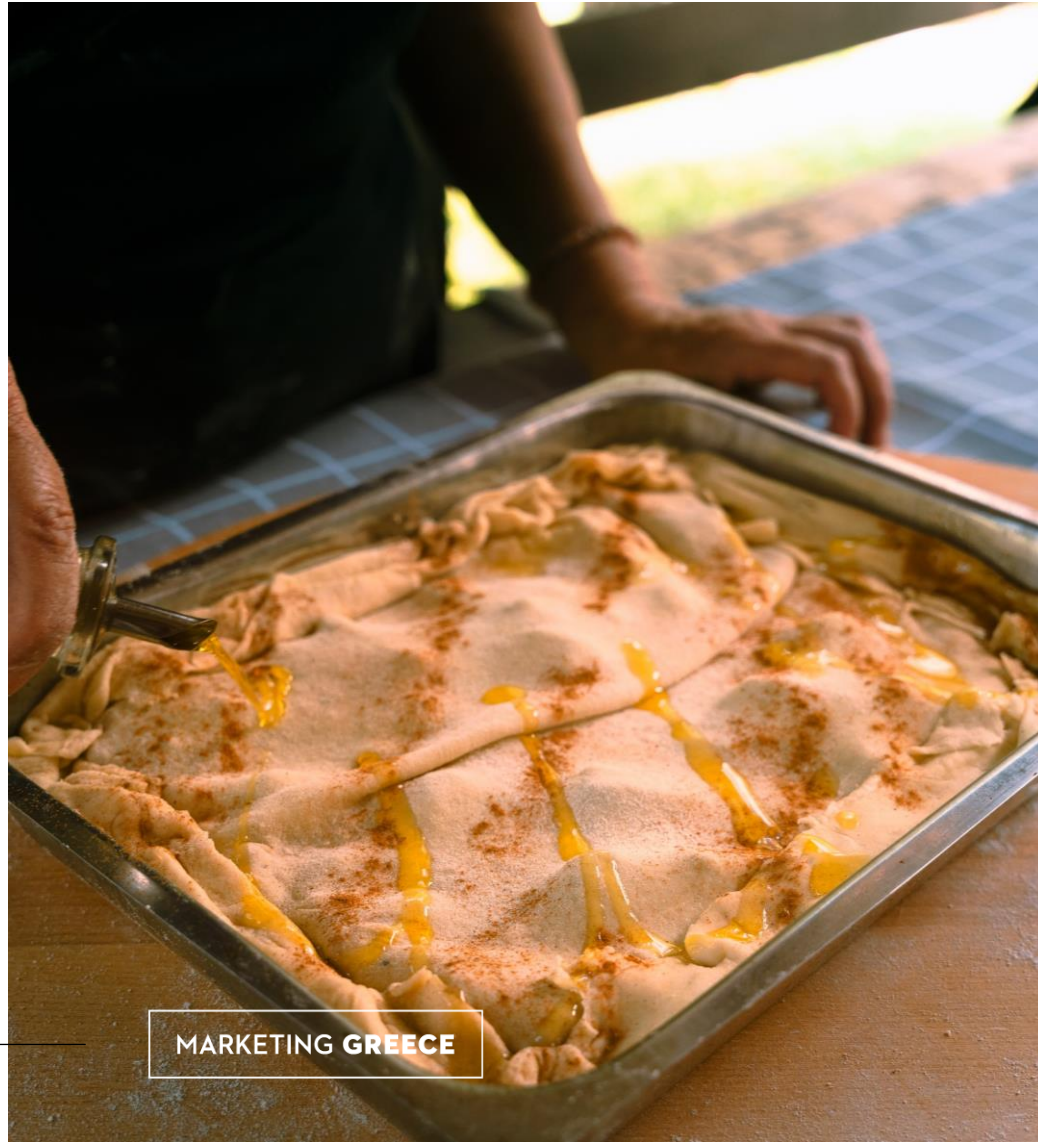

Kefalonia's majestic peak

Hiking in Mt Ainos National Park

Rising from the centre of the island, Mt Ainos (or Mt Aenos) is the tallest peak of the Ionian Islands and is blanketed by rich green forest. It's also one of the few Greek island national parks, meaning that if you love exploring nature and being rewarded with epic views, you've come to the right place.

There are dozens of **hiking paths in Kefalonia** (coastal and inland) but those on Mt Ainos, mostly moderate, are extra special because the Natura 2000-protected national park is dominated by Kefalonian fir trees. Much of the wildlife is specialised to this unique ecosystem. If you're really lucky you might even spot some of Kefalonia's semi-wild horses.

Taste of Kefalonia

Discovering the rich gastronomy & wineries of the island

Kefalonia is a large and fertile island with vast olive groves and vineyards, from which it produces excellent quality olive oil and wines.

Traditional Kefalonian dishes often bear Italian-sounding names, reflecting the island's long occupation by the Venetians. Staple ingredients include abundant garlic, cinnamon cloves tomato sauce, the aromatic herb sapsycho (marjoram), and fennel. Unique throughout Greece are Kefalonian pies. In addition to the well-known meat pie filled with goat, pork or beef, rice, and thick pastry, there are also octopus pies, pies with cuttlefish, salted cod pies, artichoke pies, and classic spinach and cheese pies. Through a **cooking class**, you will be invited to sample Kefalonia's many delicacies.

There is no better way to indulge in the rich wine culture of Kefalonia than **visiting local wineries** and sampling exquisite Robola wine, made from grapes grown in the island's fertile vineyards.

What we offer:

**Three nights'
accommodation**

**Flights with airline
partner Aegean**

**Airport and hotel
transfers**

**Complimentary meals
on a full-board basis**

**Access to activities according to
the trip itinerary**
